Adopt-A-Park

The Adopt-A-Park Program is designed to promote community involvement, while maintaining and beautifying neighborhood parks and recreation facilities. The program is designed to be a low-key, relaxed and informal approach to involve people in the community to keep an eye out of potential hazards, vandalism and general park mistreatment. Through these partnerships the County is able to maintain and improve the park system, keep our parks beautiful and safe for the enjoyment of our park users. The idea is for residents of a neighborhood to take ownership of their local park and improve the quality of the park through synergistic collaboration and creative activities as well as increased manpower. The adopted park is encouraged to be used as a focal point of neighborhood activities.

- Identify a park or trail you would like to adopt and type of project/activity you would like to do.
- Request an application from the Lee County Government Parks & Recreation Department. Complete the application and return to 2303 Tramway Road or lcpr@leecountync.gov. You will then be contacted to discuss the adoption procedure. Parks & Recreation staff will work with the volunteer group to identify park needs.
- Once the “Adoption” is approved, the Adopt-A-Park Agreement is signed, and the requesting group can begin.
- Coordinate your project(s) with the Parks & Recreation Department. Necessary tools, materials and supplies may be provided to help the adopting group with their projects. Scope of project will depend heavily on the fiscal year budget for Parks & Recreation Department.
- All volunteers must sign a waiver release and service agreement prior to participation in the program.
- Recruit and schedule volunteers from your organization to implement the program.
- Submit a quarterly activity report or pictures to update your progress.

Athletic Sponsorships

We are excited about our sports programs and look forward to serving over 500 youth and having over 100 adult volunteers who will serve as coaches and team representatives for the upcoming year.

Our mission for our sports programs is to create an atmosphere for children and adults, which is accepting, challenging, friendly, fun and safe; where self-confidence can be nurtured as people grow and develop their skills in wholesome surroundings.

Your sponsorship contribution will help to cover the cost of team uniforms, equipment and player awards. This is a wonderful opportunity to positively affect the lives of children who live in our community.

As a sponsoring business, you are welcomed to hand out coupons or other information regarding your business. We can pass these out during practices and games when the season starts.
